Statistics

PROFILE

"An Aspiring data scientist with a strong foundation in statistics, programming, and data analysis seeking an enriching internship opportunity. I am passionate about leveraging data-driven insights to solve complex problems and make informed decisions. With a proficiency in Python and SQL as well as experience in machine learning and data visualization, I am ready to contribute my analytical skills and dedication to extract valuable patterns from data and drive meaningful impact. As an adaptable and collaborative team player, I am excited to join a dynamic data science team where I can learn, grow, and make significant contributions to transformative projects."
